

1960S CLUB CHAIRS WITH CARVED BASES IN YELLOW VELVET

\$7,500 This striking pair of 1960s club chairs has been expertly restored and newly upholstered in a vibrant yellow velvet that adds warmth and boldness to any space. The clean, tailored lines of the chairs are enhanced by button tufting along the backs and gently sloped arms that contribute to their classic silhouette. Each chair sits atop a carved wood base with a faux bamboo design, offering an added layer of texture and vintage charm. The warm tone of the refinished wood beautifully complements the saturated yellow upholstery. These 1960s club chairs offer both visual impact and inviting comfort, making them a standout addition to a living room, study, or curated interior. Whether styled alone or as a pair, they evoke timeless elegance with a playful edge. A great example of refined midcentury craftsmanship with a Hollywood Regency touch.
