

CUSTOM MÉRIDIENNE CHAISES BY GEORGE DOAN, GEORGE DOAN COLLECTION

\$15,000 A striking and luxurious pair of custom méridienne chaises by George Doan, newly upholstered and sourced directly from the designer's personal collection. The tailored silhouettes evoke classic French daybeds, reimagined through Doan's refined, contemporary lens. Upholstered in a rich ochre velvet, the sofas are accented by dramatic scroll arms, crisp lines, and pale wood saber legs with subtle distressing and gold leafed details. Each piece features a left or right arm configuration for versatile placement in a mirrored arrangement or as stand-alone statement pieces.

The new upholstery complements their sculptural form and saturated palette, adding warmth and modernity to any space. The bolster pillows are included. This pair exemplifies George Doan's signature blend of theatrical flair and timeless design, making them ideal for collectors and designers seeking bold, one-of-a-kind seating with provenance.
