

ORIGINAL FORNASETTI PANEL IN THE LIBREIRA PATTERN

\$2,400 This is a wonderful opportunity to purchase a rare piece of Fornasetti yardage. Complete with the salvage in tact, the work is signed and marked Made in Italy. Shown in greyscale in this example, stacks of books along with various artifacts are displayed on the bookshelves. This would be a great piece of art, it could be stretched on a wooden frame like an oil painting. Hard to come by, this will make a real statement.
