

PAIR OF BRASS AND ENAMEL "TRIENNALE" TABLE LAMPS

\$14,000

These 2 brass and enamel Triennale style table lamps are in exceptional shape. Circa, 1950's, this sculptural style lighting epitomized mid century decor. Much more readily available as floor lamps, these triennale table lamps are a rare treasure! Made of brass and enamel, the shades are a simple but striking cream, grey and navy. The bases are brass and the shade arms can be adjusted to a desired height. One of the navy shades has a minor scratch (see picture #7). This is an amazing opportunity to own an original and iconic piece of mid century design, that is often difficult to find. Their simplistic nature and wonderful craftsmanship would easily compliment any stylish interior.

1950s
