

PAIR OF MID-CENTURY CLUB CHAIRS, NEWLY UPHOLSTERED IN CORAGGIO FABRIC

\$5,000
Pair

This elegant pair of mid-century modern club chairs offers the perfect blend of timeless style and inviting comfort. Expertly restored, each chair has been newly upholstered in luxurious Coraggio fabric—a refined, softly textured textile with a subtle sheen from the lurex threads woven throughout that enhances the chairs' tailored silhouette. Designed with deep seats, low profiles, and comfortably padded arms, these club chairs invite relaxation while maintaining a clean, architectural presence accentuated by the Haines like "ledge" backs. The richly painted tapered wood legs provide a striking contrast to the light upholstery, grounding the design in mid-century sophistication. Ideal for use in a living room, library, or stylish lounge, they pair seamlessly with both modern and traditional interiors. Their fresh upholstery and quality craftsmanship ensure enduring comfort, making them a versatile investment for years to come.
