

SOLID BRASS JMF WASTE BASKET BY KARL SPRINGER

\$3,000 This solid brass waste basket by Karl Springer is simple yet elegant. The edges flair out just slightly and the inside is black. This waste basket came out of a home in Honolulu, Hawaii that contained numerous original and unique Karl Springer items. They were originally bought in 1983 from the Karl Springer Los Angeles Showroom for the Honolulu residence. We have copies of the original receipt and will provide them with the purchase.

1983
