

A CUSTOM ACANTHUS LEAF SCONCE BY TOMMI PARZINGER

\$4000
each

A lovely and elegant brass candelabra sconce featuring an acanthus leaf motif. It was designed by Tommi Parzinger from one of his most important commissions, the Appleman residence in Ocean, New Jersey. The leaf design is also imprinted on the ("candle") cup, detailed in images 5 and 6. The sconce shows a slight and perfect patina, appropriate for their age. We currently have one sconce remaining.
