

TURN OF THE CENTURY CAST VENUS AFTER BERTEL THORVALDSEN

\$5,500	This turn of the century marble composite cast version of Venus after Bertel Thorvaldsen is in a wonderful state of decay. Over time she has lost both hands and acquired a wonderful patina. Standing 64" tall she is being sold with an accompanying pedestal 24" W x 16" D x 20.5" tall. There are several cracks including above her left knee but seems to be stable as she has been moved several times since she has been in our possession. All details are fine, and her state of incompleteness add to her charm. Wonderful every way you look at it.	1900's	Dimensions H 64 in. x W 20 in. x D 16 in.	Materials Cast Composition
