

PAIR OF LIMITED EDITION “PEDRA” TABLE LAMPS

Please call
showroom
for pricing.

A stunning pair of custom made “Pedra” lamp by Dragonette Ltd, each featuring a trio of beautiful agates mounted on a silver nitrate base. The lamps are switched to illuminate the lampshade, agates or both, creating a beautiful glow. This is one example of this design as the agates determine the size and variety of the lamps. This specific pair of lamps may no longer be available, but we will have other 3-stone examples.
